

2018 DEPARTMENTAL SCHOLARSHIPS

The Department of Landscape Architecture is pleased to announce our 2018 Departmental Scholarships. This year the Department will be awarding more than **\$60,000.00** to support the academic development, public service and career ambitions of the students of the Department of Landscape Architecture at Cal Poly Pomona.

The scholarship committee encourages students to look near and far in identifying directed investigations, focused research, travel itineraries and service opportunities. The committee supports global thinking and visioning but also recognizes the truly unique opportunities of more local conditions—the committee supports both broad travel and more focused research that may not have extensive travel as an underlying theme. Applicants are encouraged to utilize faculty expertise in developing applications and specific lines of inquiry but not to lobby for support.

All scholarship applications should address the specific scholarship criteria listed under each scholarship description:

- Any scholarships awarding **less than \$1000.00** need only submit a one-page letter of intent responding to the scholarship criteria.
- All scholarships awarding **more than \$1000.00** must submit a statement of intent; a digital portfolio and any other requirements set forth in the specific scholarship requirements.
 - **All awardees more than \$1000.00 will be required to make a public presentation** at a future scholarship event; department lecture series, alumni event or other (ie. SHOALRSHIP PECHA KUCHA)
- Any student **awarded a scholarship requiring a portfolio must submit a hard copy** of the portfolio and a thank you letter to be sent to the scholarship donor.
- All scholarship applications will become property of the department and **will not be returned**.

Students are encouraged to apply for as many scholarships as they qualify, however, each scholarship will require a separate and complete application. *Each application should be tailored to specifically address the explicit criteria and intentions of each scholarship.*

All reference to year-level criteria are for the **upcoming** academic year—students graduating this spring are not eligible.

Refer to criteria set forth on the BSA website.

DEADLINE FOR ALL APPLICATIONS: April 23, 2018

Please submit completed applications to the Bronco Student Application website. BSA is the online application for scholarship opportunities from colleges, departments, clubs, and offices throughout campus. For specific individual scholarship deadlines, go to the [Bronco Scholarship Application](#).

- **Refer to specific criteria set forth on the BSA website.**
- Please contact the department office if you have any questions.
